

## YOUTH DEVELOPMENT

We believe the values and skills learned early on are vital building blocks for life. Because of the Y, more young people in neighborhoods around the nation are taking a greater interest in learning and making smarter life choices. At the Y, children and teens learn values and positive behaviors, and can explore their unique talents and interests, helping them realize their potential. That makes for confident kids today and contributing and engaged adults tomorrow.

### WHAT'S GOING ON AT FAIRVIEW

★★★★★ QRIS Certified Program

The volunteers and staff are continuing to breathe new life into an old school. They have spent the last two years remodeling, repairing, and revitalizing Fairview Elementary School. Incorporating the new LED lighting upgrades, painted walls, and newly renovated rec room helps make it a comfortable, safe, and fun environment for everyone.

The YMCA is proud to announce that our preschool program is QRIS Five Star -Certified which means that our program excels in all essential standards that support quality learning for all children. We are excited about our brand new preschool playground and continued progress on the campus.
